

Institutional Membership

Institutional Memberships are based on **student** Full Time Equivalent (FTE) count for the most recent academic year. The Full Time Equivalent calculation is based on **student headcounts** as a total number of full-time students plus the sum of part-time students calculated by a pre-defined fraction of time they are estimated to spend in the classroom. Please use the standard Statistics Canada calculation of $FTE = FT + (PT/3.5)$. This membership allows for unlimited memberships within a Canadian post-secondary institution.

CIRPA Institutional Membership Fee Structure					
FTE	Up to 5,000	5,001 - 10,000	10,001 - 20,000	20,001 - 39,999	40,000+
\$\$\$	\$ 350	\$ 600	\$ 850	\$ 1,200	\$ 1,500

FTE = Full-Time Equivalent student enrolment
